familiar. This photo of the Charles W. Morgan enshrined in sand at Col. Green's estate at Round Hill was visited by countless people. The Morgan was torn loose by the 1938 hurricane which left her a shambles. Now the focal point of the great marine village at Mystic, Connecticut, the Morgan has been completely rebuilt and rerigged and remains the last New Bedford wooden whaling ship left on the face of the earth.

The photo is by the late James E. Reynolds and was loaned to us by Harold Adshead of Fairhaven.

"The Fourposter" in Marion

PLAY TO BENEFIT AMERICAN FIELD SERVICE

The Fourposter by Jan de Hartog will be presented at the Marion Art Center on Thursday and Friday, May 10 and 11 for the benefit of the American Field Service Chapter in the Old Rochester School District. The Fourposter is the story of a married couple and begins with their wedding night and traverses 35 years of wedded "bliss". The funny, as well as the sad happenings of Michael and Agnes, will be portrayed by Sally Jones and Jeff Dunn and directed by Nancy Lee S. Gaucher. Both young people have been prominent in local school Fellowship and Art Center productions.

The play was first produced on Broadway and starred Hume Cronyn and Jessica Tandy in 1951. Later it became a favorite of the Lunts and even later was turned into a musical comedy, "I Do, I Do!", for Mary Martin and Robert Preston on Broadway. It is a

Old Dartmouth Cachet

Stamp collectors will be interested in a local cachet which will appear on May 14th to commemorate the first naval engagement of the Revolutionary War. The 4th Old Dartmouth Militia Fort Phoenix Garrison is featured in the design which is printed in colonial blue. A militiaman with musket is depicted. A drum is surmounted with crossed flags; the modern United States colors on the left crossed with the 4th Old Dartmouth militia flag on the right. In the lower right hand corner is the post mark circle of May 14, 1775 and the Liberty and Union Jack. The stamp is the American Revolution Bicentennial 1776-1976.

This stamp issue will tie into the celebration of the event, in Fairhaven, of the battle of Fort Phoenix which will take place on Satur-

The State inquired about the town's historical treasures of the Revolutionary period, special events, community projects of lasting contribution such as bike trails, etc. in a questionnaire to be filled out by a Bicentennial committee.

FISHERY LOCAL

A meeting was held with the Massachusetts Division of Marine Fisheries on request of local control of the herring fishing. Allan Peterson, Assistant Director of the Division, conducted the meeting attended by Rochester, Marion and Mattapoisett Selectmen and the Herring Inspector. Fifteen people were in attendance. The Division of Marine Fisheries held a formal hearing and in a week they will send a draft of authority for the town to control the fishery. The three towns have been operating under an agreement dating back to the early days of town history which was nullified by the legislature a few years ago. Now, one town must be designated to control the fishery if the Division of Marine Fishery so decides.

EEL POND OUT

The U. S. Corps of Engineers has notified the Mattapoisett Board of Selectmen that they are not able to take on the Eel Pond project. The State still has a Town application for this work.

Quiet Public Service

Editorial, D.C.J.

As the town moves into a Sanitary Landfill
method of rubbish disposal, it is a good time
to recognize a long service to the people of
Mattapoisett. The monthly trash paper truck
has removed countless tons of paper from our
dump. This means, of course, that all these
tons of paper return to use as recycled paper
products instead of saturating the air of Mat-
tapoisett with burning gases and ash. Who
can imagine the size of the forest that was
saved because this waste paper returned to
the paper makers' vats? The cooperation
that this effort has received from the towns-
people has been great. The paper is brought
to the collection point monthly by so many
who carefully save and bundle it all month.
This complete voluntary extra effort is testi-
mony to the fact that people do care and do
so in large numbers. People will go out of
their way to do something to clean their own
atmosphere.

The Republican Town Committee, who de-
serves such commendation for this service,

has done this quietly with no publicity. They have put in much time in checking the truck and packing the contents which is hard and heavy work. The truck has to be checked regularly throughout the weekend which requires the attention of these people. Over the period that this service has been provided this amounts to a lot of effort and it's all completely unselfish service to the community.

As our new Landfill Dump goes into operation this paper truck is even more important to us. Each ton of paper which rolls out of town does not have to be buried. Each ton of paper which rolls out of town lengthens the life of the dump. More important, those tons of paper will return to useful life instead of rotting away in the earth. This is conservation at

WATER SAFETY PROGRAM AT YMCA

The New Bedford YMCA will be sponsoring a basic Water Safety Program for adults, ages 17 and up. This program contains life saving techniques, basic first aid information,

artificial resuscitation, and many other useful subjects to inform and prepare adults for emergencies that may occur where they may be able to aid a professional or authorized life guard or first aider. This course will also help you to deal with any emergencies that may occur while you are with your family and there is no physician readily available. It is the YMCA's feeling that being prepared will minimize any accidents that may occur and keep them from becoming a tragedy. Be prepared.....Attend the YMCA's Basic Water Safety Program. Classes are Tuesday evenings from 6:30 to 8:30. This course will run 5 weeks, starting May 8th. For more information and registration call the YMCA at 997-0734.
